

2017 WHOLE CLUSTER CARBONIC SANTA YNEZ VALLEY

Our 2017 Whole Cluster Carbonic Grenache was grown on the breathtaking hillside of our Folded Hills estate. Grower Ruben Solorzano's careful farming of the hillside vineyard provided a harvest of healthy fruit, perfectly set on their clusters.

Winemaker Angela Osborne chose to respect this work by fermenting our Cluster Grenache using perfectly intact grape clusters. The approach is called whole cluster, or carbonic fermentation, hence the name of the wine. The effect is zesty freshness and a wonderfully energetic palate, a wine full of presence while remaining relatively light bodied. This is a fun and festive wine, perfect for any festivity.
